DEPUTY SECRETARY TO GOVT. 14 MAR 1951 DEVELOPMENT DEPT.

The Hon'ble Sri. C. Perumalswamy Reddiar,
Minister for Industries,
MADRAS.

Sir,

The Directors of the Stores, while reviewing the progress of the sale of cloth in the different branches in the rural parts, have decided in the last meeting to wait on deputation on the Hon'ble Minister to represent in person the hardship caused to the stores in particular and the consumers in general on account of the refusal of the Collector Coimbatore to link five of the cloth shops to the wholesalers for supply of mill cloth. We therefore request that a date convenient to the Hon'ble Minister to give us an opportunity to meet and represent our grievances at Madras may kindly be fixed and intimated to us in advance. Any day in the week excepting Monday and Tuesday will be suitable for us. A copy of the memorial is submitted in advance for the kind perusal of the Hon'ble Minister.

2. We may also add that we have submitted a memorial to the Hon'ble Minister for Food in the matter of distribution of food and requested him to fix a date convenient for him to allow us an interview.

Ref. No. .....

Date 5 - 3 - 1951.

To

The Hon'ble Sri. C.Perumalswamy Reddiar,
Minister for Industries.,
M A D R A S.

Honoured Sir,

We, the undersigned Directors of the Kollegal Co-operative Stores have great pleasure in placing before the Hon'ble Minister the following few lines regarding the supply of mill cloth to our stores for kind consideration and favourable orders:

2. Kollegal, a major Panchayat and a taluk in the Coimbatore District is 112 miles away from Coimbatore connected by a ghat route. In the year 1944 the taluk faced with a serious shortage of staple foodgrains and other necessaries of life and the distribution of the available foodgrains was in a complicated state. The public then felt a great need for an institution which could procure and effect equitable distribution of daily necessaries of public at fair prices and started this institution on 11th June 1944 with 28 members. On date, the Stores has on its rolls 643 members with a paid up share capital of Rs. 32,540/-. The area of operation covers the entire taluk and there is no other co-operative stores except one which is

exclusively for the employees of the Government Silk Filatures. This stores has a working capital of Rs. 1,40,000/- and has created reserves to the tune of Rs. 78,000/- in addition to Rs. 14,560/- invested separately under Reserve Fund.

3. Since its inception, the stores dealt in mostly foodgrains by undertaking procurement and distribution as agent of the Government. In the year 1947 and early in 1948 the stores maintained 8 ration shops in the Kollegal Town and catered to the needs of 20 other ration shops in the taluk as Wholesaler. When the control on foodgrains was lifted in the year 1948, there was a sudden fall in the business and we tried our best to avail of all possible means for improving the sales. We opened two groceries sections in the town and arranged to procure and distribute pulses, sugar and other articles and thus improved our business on non-food lines. We also expanded the cloth section by introducing various kinds of cloth by procuring direct from production centres and we are glad to state that our cloth section gained amazing popularity among the public. Last year our stores was entrusted with the distribution of Chemical Fertilisers and Iron and Steel for Agricultural purposes and we are successfully carrying on with this business and helping the ryots to the best of our abilities.

4. When the controls were enforced on mill cloth in September 1948, the Collector of Coimbatore was pleased to recognise this stores as the sole retail distributor for mill cloth for the whole taluk and we undertook this new business

boldly and opened three shops in the town and five in the villages. About ten per cent of the mill cloth procured by the Central Co-operative Stores, Coimbatore was allotted to us for distribution in this taluk and we catered to the needs of the remotest villager through our various branches. We continued to be the sole distributors of mill cloth for about five months from the introduction of controls. When the private merchants were licensed to deal in this business, we closed down two cloth depots leaving only one shop in the town and five shops in the rural parts. Since February 1950, the Central Co-operative Stores has stopped the supply of mill cloth to our stores stating that allotments to Co-operative Institutions have been stopped by the Government. This has resulted in complete lack of business in cloth in our branches, as we have not been able to procure mill cloth at the controlled prices in the open market. Lack of mill goods has resulted in the fall of sale in handloom cloth also as without the mill goods we could not attract customers and exhibit the handloom products. We represented these facts to the Collector Coimbatore in July 1950 and requested him to arrange for linking up of all the six cloth branches to the private wholesalers. In response to our request the Collector was pleased to link the Kollegal Town branch alone to a local wholesaler. He refused to link up the other five branches in the villages viz., Palayam, Hanur, Kamagere, Cowdalli and Lokkanahalli on the plea that those branches were not in existence during the pre-control days--and he further informed us that there is no objection for getting cloth to these branches from our out of lapsed quotas.

Copies of his orders are enclosed. As the demand is far greater than the supply, it has become very difficult for us to purchase lapsed quotas from the private wholesalers at the prescribed price and consequently our business has come to a standstill since the last six months.

5. We give below the figures showing the sale of mill cloth monthwar in the years 1949 and 1950.

	Sales in 1949.	Sales in 1950.
January	Rs. 52,272	Rs. 15,307
February	" 51,275	" 16,311
March	" 63,732	" 16,170
April	" 20,658	" 11,739
May	" 27,452	" 8,093
June	" 21,022	" 5,651
July	" 14,982	" 6,323
August	" 27,122	" 5,532
September	" 10,712	" 6,597
October	" 10,292	" 5,644
November	" 10,895	" 4,564
December	" 11,945	" 4,585
Total. Rs.	3,22,359.	1,06,516.

It may be seen from the above figures that mill cloth business in 1950 is less than 1/3 of the turn over in 1949, though the establishement and other overhead charges remain the same.

6. When the distribution of mill cloth through the Central Co-operative Stores was in force, we got 1/10 of the District quota of Mettur goods and Loyal mill goods and we distributed the same through our rural branches. Since the abolition of this scheme, the villages are not getting these goods at all.

7. This stores, by the kind of help of the Government, has established a firm reputation among the public of this taluk as a 'fair distributor' of their requirements in foodgrains, cloth and other non-food requisites. It is now maintaining 90 people in its service in addition to one Co-operative Sub-Registrar and one Senior Inspector on F.R. 127. Closure of the rural cloth depots for want of mill cloth not only entails in the ousting of our experienced staff but also in the loss of reputation and good faith established so far in the taluk. The following extract of the remarks of the Textile Inspector in respect of one of the five branches in villages will indicate that the consumers will be hit hard if the rural branches are closed for want of mill cloth.

> " No remarks. But there are no varieties. As this shop is centrally situated and the people of the surrounding villages have confidence, it seems better if the Kollegal Co-operative Stores authorities bestow special attention and supply mill goods by at least procuring lapsed quotas."

8. About 13,000 yards of time barred goods are in stock at present and in spite of all our attempts to find a sale they are moving rather very slowly for want of new designs. We

feel that unless new goods are allotted to these branches, there is the danger of the time barred goods resulting in a loss to the stores.

9. . We wish to mention also that this stores in addition to the huge expenditure on the staff, is paying to the Government about Rs. 2,500/- a year towards fees for audit. It paid Rs. 15,311/- in 1948-49 and Rs. 24,195/- in 1949-50 as sales tax which works up to 25% of the total revenues of this taluk under 'Sales Tax'.

10. In these circumstances we earnestly appeal to the Honourable Minister to sympathetically consider the facts mentioned above and

(1). direct the linking up to the wholesalers the five retail branches viz., 1. Palayam 2. Kamagere 3. Hanur 4. Cowdalli 5. Lokkanahalli and also two new shops proposed to be opened at Chilkavadi and Martalli and (2). order the supply of Mettur and Loyal mill goods.

ENCLOSURES:

I. Endorsement of the Textile Control Officer, Coimbatore d/6.9.50 on our letter d/ 31.8.50.

Ref: No.17604/50.T-3.

Retransmitted:

According to the instructions contained in Government Memorandum No.45000-MI/50-1, dated 12-7-50, only the Primary Co-operative Stores which were dealing in mill cloth in the previous control period are to be linked to the wholesale dealers for getting supplies of cloth from Bombay surplus area. As the branches of your stores in other places were not holding licences in previous control, they are not eligible to be linked.

In the G.O. cited above, the Government have ordered that all the branches of Kollegal Co-operative Stores Ltd., be granted licenses to deal in mill cloth as retailers. The request of the Kollegal Co-operative Stores was that the branche of the Stores should be linked to the wholesaler for supply. They also want that Binny, Mettur and Loyal mills cloth may be allotted. The Government Memo. therefore may need some clarification. In the case of the Buckingam and Carnatic, Mettur and Loyal Textiles, the schemes of distribution of their production have been recognised by Government. No direction can therefore be given to these mills to supply cloth to the Co-operative Stores. There is however no objection to these Societies getting supplies from Buckingham and Carnatic, Mettur

and Loyal Mills provided these mills agree.

I agree that necessary orders may be issued to this effect.

To A.S.

Please see the letter from the President, The Kollegal Co-op. Stores Ltd., on pp.1-8 c.f. This Departmer is concerned only with the supply of mill cloth to the Stores.

2. The requests of the Stores are as follows:--

(i) that the five branches of the Stores at Palayam, Henur, Kamagere, Cowdalli and Lokanahalli may be linked to the wholesalers.

The Collector of Coimbatore refused to link these societies to the wholesalers as they were not in existence during the pre-control days. Attention in this connection is invited to the orders of H.I. (Ind.) and H.C.M on p.4 ~~H.F.~~ of (R) and extracted below passing orders on the request of certain co-operative stores that they might be permitted to deal in mill cloth as before.

" In the linked file I find the primary stores have been permitted to get the mill cloth requirements of their members. The stores can make their own arrangements to get Binny and Mettur quota. But for Bombay Ahmadabad cloth, is any linking necessary with wholesalers? The Collectors should be asked to provide for this, if necessary. The concession will be limited to the stores which were doing mill cloth business during the previous control" ~~G.P.~~

As soon as these orders were passed and before they were given effect to, the Madras Provincial Co-op. Union put in a representation to H.C.M(~~Ind.~~) and the representatives of the Co-operative Wholesale Stores ~~waited~~ waited on deputation on H.M. (Ind.) and discussed the question of allotment of mill cloth to co-operatives. Please see notes....

notes of the discussion at pp.5-7 n.f. of (R). A memorandum submitted by one of the deputationists was also examined vide notes at pp.8-9 n.f. of (R). H.M. (Ind.) and H.C.M. finally confirmed the orders passed by them at p.4 n.f. of (R). Orders were issued accordingly in Memo No.45000 MI/50-1 Dev. dated 12-7-50.

As a result of a further representation made by the R.C.S. the concession to primary co-operative stores which did mill cloth business during last control for allotment of Bombay cloth was subsequently extended to other types of societies such as credit societies, employee societies etc., which sell in retail to their members and the allotment of S.I. Mill cloth to all such societies was also ordered.

The Directors of the Kollegal Co-op., Stores request that they may be permitted to represent their grievances in person to H.M. (Industries).

As a result of the resolution passed by the wholesale Co-op. Stores and Marketing Federations the R.C.S. has addressed Government for the allotment of 1/3 of the State quota of cloth to the Co-operative s for distribution. The D.C.C's remarks on the Registrar's recommendation and further remarks of the Registrar have been called for. On receipt of the remarks the question may be examined in detail. In the circumstances no useful purpose will be served in discussing the question with the deputationists. For orders whether interview asked for will be granted. If so, date and time may kindly be fixed. (Monday & Tuesday are suitable to the deputationists)

It was decided at the meeting to licence the branches of the Kollegal Co-operative Stores to deal in mill cloth, in view of the large supplies of cloth that is expected from Bombay area now, and that it is not therefore necessary to receive a deputation from the Society. Put up a draft.

2. As regards the question of policy in the linked file, it was decided that the R.C.S. and D.C.C. should submit agreed proposals for the consideration of Govt. ~~shortly~~.
